Why Does West Brooklyn Depend on Sunset Park High School?!

Report by: Rashem Daisley

I went to Gloria to ask some questions on how we can make this school better for the students, and what I found was nothing close to what I wanted to hear.

First I wanted to know what she could do to make the lunch any better because we all know it's disgusting. She told me that the food comes from Sunset Park high school and she cannot control what is sent to us here at West Brooklyn. She also suggested some alternatives such as pizza days, and sandwich stations.

Next, I wanted to know if it should be possible for students to change their ACs. She said "No! There will always be obstacles and people you don't like. You should learn to get along with them unless they are not doing their jobs."

Finally, I wanted to know why West Brooklyn doesn't have a school nurse! She told me there is no place for a nurse to go and it is illegal for a nurse to share a room with someone else, also a nurse needs an office with a sink that West Brooklyn does not have.

POETRY CORNER

By: Bryan Olivares

The School is on the ground
 No sound
 We Are Bound to Face these walls of Terror
 We now make a letter showing our school's thoughts
 and achievements
 Improvements? Down the drain
 So much pain in the brain
 No Lacking just stacking all these newspapers
 To make a one hell of a story

It's cold frozen solid blue
 Hot chocolate? Yes please
 The leaves are orange (its fall)
 Walking the streets all alone
 Another day goes by
 A Day to give thanks
 Happy thanksgiving
 Gobble wobble eat up and get stuffed
 What a wonderful Day to spend with the family rather than
 swimming alone....

Oh my I'm nervous
 Showcase is on the loose
 Time to brighten up, time to shine
 People watch me as I speak
 Speak nothing but the truth
 I speak for myself and for others who support me
 In thee conflict
